

VILLAGE OF RIVER HILLS

WRECKING AND RAZING PERMITS

In order to take down an existing structure, especially a house, the following items must be provided prior to issuing a Wrecking & Razing Permit:

Completed Building Permit Application: Complete only those sections of the form that apply. Indicate whether the demolition is a home, an addition, a garage or a shed.

Pre-project Asbestos Inspection: Contract with a State Certified Asbestos Abatement contractor to inspect the property and provide proof it is asbestos free (in writing) or an explanation of where asbestos exists and whether removal is required.

DNR Notification Form 4500-113: Submit a completed form showing proof that the Wisconsin Department of Natural Resources has been notified of the project and the recommendations of the State Certified Asbestos Abatement contractor.

Approval by the River Hills Building Inspector: After 10 days of receipt of the application, assuming WDNR has approved, the Building Inspector will issue the Wrecking & Razing Permit.

Permit Fees:

\$500.00 for a house \$100.00 garage or part of a house \$50.00 shed
