This also applies to signatures as to the signing by the owner of the premises where the filling/excavating is to occur.)

FILLING & EXCAVATING PERMITS

Required to move more than 20 cubic yards per acre of lot.
(5 acre lots = 100 cubic yards)

Complete & sign an application form
Excavator/landscaper/owner must provide plans
Disturbing more than an acre of land requires DNR approval.

Plans must:

- Show topography of location
- Show both the existing site & proposed changes
- Show location of silt fence

Where are they going with all of this dirt:

- Will dirt be trucked in or out of this site?
Lots of trucking (especially in spring) may require a road bond.
- If it remains on site, where will it be piled?
Might create a temporary hazard or drainage issue.

Will they be putting in culverts?

- Culverts require a permit. (\$110.00)
- **Kurt needs to approve installation of culverts.**

Submit plans _____ for approval before issuing permit.

Fees:

\$50.00 Application Fee
\$100.00 30 Day Permit

\$50.00 Additional 30 Day Permits

Work hours 8:00 - 5:00, No Sundays or holidays.
