SPRING ELECTION

The first Tuesday of April every year is the Spring Election; the village has two trustee and the municipal judge positions open. Polls open on Tuesday, April 5, at 7am at Village Hall and close at 8pm. Don't forget to bring your voter ID.

NEW E-MAIL UPDATE SYSTEM

To provide information to residents, the Village has contracted with Constant Contact who houses a website that will contain all your email information. You can sign up on the village website at riverhillswi.com. In the banner, select 'Sign Up' and screen will appear where you can enter your information. If you have any questions, please contact Village Hall.

BRUSH PICKUP

The Public Works Department will begin picking up brush as of April 1. Please follow the directions for placing your brush along the road right-of-way. This information and the monthly pickup schedule can be found on the village website.

SEMI-ANNUAL CLEAN-UP DAY

Johns Disposal has scheduled Saturday, April 9, 9am-noon as the semi-annual clean-up day at the Village Hall parking lot (7650 N. Pheasant Lane). A flyer will be distributed prior to that date that lists all the items permitted. Secure document shredding will be available and will end punctually at noon.

LYNDEN SCULPTURE GARDEN MEMBERSHIP

We are reminding all River Hills residents to stop in and register at the Lynden Sculpture Garden to activate your family's membership. It is important that you do so in the next few months so that we can continue to provide memberships for everyone in River Hills. If you have any questions regarding this, please contact the village or Trustee Peggy Russo.

PROPERTIES ALONG THE MILWAUKEE RIVER AND INDIAN CREEK

Each year as you decide what to do with your landscaping on your property along the Milwaukee River and Indian Creek, please contact Village Hall first to confirm that you are not doing anything

that could be a potential violation of the regulations of the village and the Department of Natural Resources.

The goal is to prevent destruction to the natural habitat, diminish the effects of erosion to river and stream banks, work with contractors who are familiar with regulations for the removal of invasive plants/shrubs/trees and work with native plantings, and to protect property owners from unintentionally violating regulations and ordinances.

A quick site visit or conversation with you or your contractor will usually address these issues.
